Newstead Wine Estate :

Our tasting room is very much the way we hope people will think of our farm : welcoming, authentic, intimate. It's a place we want visitors to be able to relax and linger. Like a home, it will evolve, change, and hopefully surprise, depending on the time of day or year. We don't have restaurant-like formalities, but our foods are guided by the season, inspired by the moment, and made from scratch using ingredients that are locally-sourced (often as local as our own vegetable, herb and flower garden) and always fresh, simple and delicious.

Redford Lane Wines :

Redford Lane farm was bought and established in 2006 and is home to the Lane family. We were fortunate enough to have the opportunity and space to put in a hectare of Sauvignon Blanc. The vineyard is family managed which has given us a better understanding of the wine making process. We have made an easy drinking, refreshing wine which is soft on the palate and accompanies a wide variety of dishes. Our new restaurant offers cheese and meat platters to accompany our wine.
